

LIBERTY SERIES

COLD WATER ► GAS POWERED ► DIRECT DRIVE

- **Commercial Grade Honda Engine**
- **Industrial Direct-Drive Kärcher Crankcase Pump**
- **Steel Chassis & Chrome Handles**
- **Tubed Pneumatic Tires**

These Liberty Series models are tough gasoline-powered, direct-drive cold water machines that deliver cleaning power of up to 3.8 GPM and 3500 PSI. Powered by industrial-grade Honda engines, these four models feature tri-plunger, oil-bath Kärcher crankcase pumps, pneumatic tires for easy maneuvering, steel chrome handles, steel frame and base with an all-weather powder-coat finish, hose rack and high pressure hose with burst protection. For a compact but rugged and affordable cold water pressure washer, they don't come tougher than Kärcher's Liberty Series direct-drive cold water pressure washers.

Industrial-grade, tri-plunger, oil-bath Kärcher high pressure crankcase pump with forged brass head and ceramic pistons

9 and 13 HP models have an EZ start valve for resistance-free pull starting of engine

Reliable Honda engine with two-year warranty; low-oil alert and silent-tone muffler

Rugged chassis base painted with an epoxy powder coat finish for all-weather protection

Inlet strainer protects pump from debris in the water source

Convenient front and back 1/4" chrome-plated handles to assist in lifting and moving the pressure washer

10" tubed pneumatic tires for easy maneuvering on all terrains and to absorb vibration

Thermal pump saver valve protects against hot-water damage by venting recirculated water

Five conveniently mounted, quick-couple spray nozzles for varying fan spray

Insulated trigger gun for hours of fatigue-free cleaning

Conveniently located gun and hose holder

ETL certified to the rigid UL-1776 safety standards

50' wire braid hose rated for 3000 or 4500 PSI and with hose guard for burst protection

Insulated, stainless steel high-pressure wand with quick-couple connectors for easy attachment of high-pressure nozzles

Easy-to-attach downstream detergent injector with brass soap nozzle

Rubber feet to absorb vibration and keep the unit from "walking"

Optional hose reel available
