B 90 R Battery Operated Ride-On Scrubber Suited for large cleaning applications

Highly maneuverable despite it's large capacity water tanks.

The B 90 R Adv Bp ride-on scrubber is one of the most versatile ride-on scrubbers available on the market today. Standard with counter-rotating 26" cylindrical scrub brushes that provide pre-sweeping and high scrubbing power, the standard scrub deck can easily be changed to 22" or 30" deck heads in either cylindrical or disk configurations. Extremely agile and easy to maneuver with a turning radius of only 5.2' and with a width of less than 32" the B 90 R can fit easily through standard doorways and easily navigate even the most congested floor. Featuring large capacity water and waste tanks, EASY™ controls as well as tool-free brush removal, the B 90 R is the ideal ride-on scrubber.

Large 24 Gallon Tanks:

Provide excellent range before emptying and refilling is required.
