

BR 530 / BD 530 Floor Scrubber: Low maintenance, high-performance compact scrubbers

Kärcher's BR and BD 530 compact scrubbers have the highest price-performance ratio on the market. By mounting the battery to the machine instead of inside the chassis, the 530's achieve 40% higher tank capacity, resulting in 40% increased area performance between emptying and refilling water tanks. The additional front wheel gives increased traction, while easy-to-use controls indicate the state of the battery charge and remaining operating hours. The BR and BD 530 are the perfect choice for cleaning medium size areas.

Features:

- Highest price-performance ratio on the market
- Choose between BR 530 with cylindrical roller brush head or BD 530 with traditional disc brush head
- 18" working width brush, 33.5" working width vacuum
- On-board battery is easily accessible for trouble-free maintenance
- Overload display indicates the state of the battery charge and remaining operating hours
- Large 10.5 gallon tank capacity increases area performance before refilling
- 19,805 sq. ft. per hour maximum performance
