

BRS 40/1000 Floor Scrubber: Scrub, strip and polish with this high-speed dual roller brush scrubber

Kärcher's BRS 40/1000 scrubber features two counter-rotating high-speed roller brushes or pads reducing handle torque for increased operator ease and comfort. Operate in a side-to-side or push-pull motion depending on operator preference or as the application demands. Its low profile allows cleaning in tight areas where many scrubbers can't go, including right up to the edge of the wall or baseboard with no splashing, mess or cleanup.

Features:

- Two counter-rotating high-speed brushes provide more cleaning power with less operator strain
- Operate side-to-side or push-pull
- Low profile design
- Convenient control on handle
- Large snap on wheels for easy transport
- Foldable handle for easy storage and transport in vehicles
