

A better way to clean.

# BD 26/27

## Ride-On Automatic Scrubber

World Class Scrubber  
Delivering Increased Productivity,  
Durability, Health and Safety

### The New Standard of Scrubbing

Maintain and renew hard floor surfaces faster than ever before. Tornado's BD 26/27 Ride-on Automatic Scrubber increases cleaning productivity in areas where walk-behind scrubbers were used in the past, thanks to its compact footprint and great maneuverability. The BD 26/27 is the perfect unit for supermarkets, schools, health care, warehouses, and more. Operating at an incredibly low 69 dB the unit is also perfect for daytime cleaning needs.

### Tough, Long-lasting Scrubbers

For effortless operation, Tornado's ride-on BD 26/27 offers an automatic mode which starts all of the necessary operations of the scrubber once turned on. This system constantly controls the operation parameters to guarantee longer run-time and reliability. When an operator places the unit in reverse, as an example, the unit intuitively retracts the squeegee. The BD 26/27 is the newest unit in Tornado's family of scrubbers, which are recognized throughout the industry as market leaders and world-class products!
