

A better way to clean.

## The CK 14/1 QD.

14 inch Commercial Upright Vacuum with HEPA filtration.

Value and the Performance of a Sealed Bag Filtration System.

### Superior Performance and Durability

Combine affordability, superior airflow, the benefits of an enclosed bag system, and add true HEPA filtration for healthier indoor air quality, and you have Tornado's new business-class CK 14/1 QD Upright Vacuum. Delivering a double ball-bearing motor and a 14 inch wide cleaning path for superior edge cleaning, the Tornado® CK 14/1 QD efficiently tackles your daily commercial cleaning tasks. The CK 14/1 QD is built with tough polypropylene and metal materials where it matters most, providing the performance and durability you need to clean businesses and light-commercial facilities. In addition to its durability, the CK 14/1 QD offers Quick Draw on-board tools so that the vacuum's powerful suction is available at your fingertips for above-floor cleaning.

### Versatility

The CK 14/1 QD is flexible, reliable and perfect for use in a variety of indoor environments including:

- Hospitals and Healthcare Facilities
- Schools and Universities
- Hotels, Resorts and Restaurants
- Commercial Office Buildings
- Retail Stores and Shopping Malls

### Three-Stage HEPA Filtration for Improved IAQ

Reducing and minimizing dust particles and contaminants are critical to healthy buildings. While vacuuming is an extremely effective tool in removing potential allergens, use of the wrong machine can actually reintroduce contaminants back into the air. HEPA filtration (99.97% efficiency at 0.3 microns) is designed to contain fine particulate and dust, improving indoor air quality (IAQ) and reducing the risk associated with the redistribution of potentially harmful particles and allergens.

The three-stage filtration system includes a unique CleanBreeze disposable filter bag, an intake filter, and a true HEPA filter cartridge as standard. The CleanBreeze filter is an intricate web of randomly spun polymer fibers capturing far more particles and allergens than conventional paper bags. Dust emissions are reduced up to 60% over traditional paper filters.

# The CK 14/1 QD. 14 inch Commercial Upright Vacuum with HEPA filtration

## Key Features

- 10 Amp Capped Double ball bearing motor
- True three-stage HEPA filtration
- Metal handle with foam grip and easy-to-use on/off switch in handle
- Quick Draw Tools with 12' cleaning reach
- Aluminum telescopic wand
- Extra wide, non-marking injection molded rubber bumper
- 120 CFM with a clean-air suction system
- 12" Metal Brushroll with natural bristles
- CleanBreeze disposable filter bag reduces dust emissions over 60% over paper bags
- 50 foot, 3-wire commercial cord with thermal protection switch
- Designed with an automatic self-adjusting nozzle

**Affordable, Light Commercial Vacuum**

## Installing the Filter is a Breeze

Any operator will tell you that installing filter bags without tearing them is difficult. The unit features a simple slide in design to make torn bags a thing of the past. And the unit comes standard with a true HEPA filter cartridge for added air-quality protection.

## New On-Board Tools

With Quick Draw on-board tools, the vacuum's powerful suction is available at your fingertips for cleaning above the floor.

## PRODUCT SPECIFICATIONS

MODEL	CK 14/1 QD with HEPA
CATALOG NUMBER	98174
L X W X H	12.5" x 14.75" x 44"
NET WEIGHT	16 lbs.
RECOVERY BAG CAPACITY	336 cubic inches
CORD TYPE / LENGTH	50' 3-wire cord
CHORD STRAIN RELIEF	Yes
HANDLE DESIGN	Metal and comfort-foam grip
HOUSING BUMPER	Extra wide, heavy duty
CFM/WATERLIFT	120 / 89"
CLEANING PRODUCTIVITY PER HOUR	3,000 sq. ft.
CLEANING PATH	14"
BRUSH SIZE	12"
BRUSH DESIGN	12" metal brush roll; natural bristles
FILTRATION SYSTEM	Three-Stage HEPA
EXHAUST FILTRATION	Yes - 99.97 at 0.3 Microns
MOTOR FILTRATION	HEPA Motor Cartridge
ON BOARD TOOLS	Yes
VACUUM MOTOR	1200 watt, 2-Stage
BRUSH MOTOR	.25 HP, 3A

## STANDARD ATTACHMENT SET

TELESCOPIC ALUMINUM WAND	CMQD-WAND
CREVICE TOOL	CM040002
DUSTING BRUSH	CM040003
CLEAN BREEZE FLEECE BAG (SET OF 6)	CMH-6
TRUE HEPA FILTER CARTRIDGE	CMPS-HEPA
VACUUM MOTOR INTAKE FILTER	CMPS-SF
ROLLER BAR	C012-0500B

## OPTIONAL ITEMS

FOAM FILTER IN LIEU OF HEPA EXHAUST FILTER	CMPS-PF
PAPER COLLECTION BAG (12 PACK)	06.267

## WARRANTY

LABOR	1 year
PARTS	1 year
