The King Cobra® 1200 PRO

Dual Surface Cleaner

The latest innovation in the King Cobra Series features an improved dual-surface design that significantly increases your cleaning capability. Using high pressure water at 1200 psi for hard surface cleaning of tile and grout and other hard surfaces, the King Cobra 1200 PRO easily loosens soils and immediately vacuums them up with a powerful 3-stage vacuum. This cleaning method leaves floors dryer than traditional methods of hard surface cleaning, minimizing downtime. Auto-fill, auto-dump, and power priming significantly increase your productivity on the job by eliminating the need to stop work to fill or empty solution tanks.

For professional carpet cleaning that rivals a truck mount, switch to instant 212°F hot water with adjustable 150-500 psi.

Patent pending, built-in 25' hose reel provides easy hose management right where you need it. The wand holder, chemical storage system, convenient cord wrap, and large transport wheels allow efficient, one-person transport.

The King Cobra® 1200 PRO

Dual-Surface Cleaner

Exclusive Features From U.S. Products

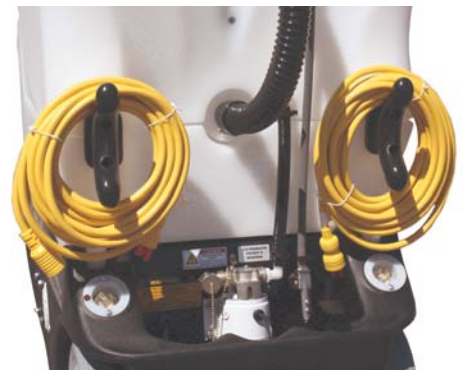

- **Hose Reel:** Patent pending, built-in hose reel with 25' vacuum hose and solution line for easy hose management.
- **Heater Element:** In-line, after the pump for longer life and instant heat up to 212° F at the wand tip, lifetime warranty on heater.
- **Smart Circuit Locator:** Detects separate lines to eliminate blown circuits.
- **Low Solution Fill:** Solution fill area located low for easy bucket fill with less back stress.
- **Low Moisture System:** Less water combined with higher heat means faster drying, less chance of shrinkage and less wicking from the pad.
- **Tanks & Bodies:** Lightweight, rotationally molded with lifetime warranty against cracks, leaks, and dents.
- **Cord Wrap:** Accommodates up to 50 feet of 12/3 electrical cord.
- **Dual Surface:** Separate pump for 1200 psi hard surface cleaning. Separate pump for instant 212° F hot water carpet extraction and adjustable pressure of 150 to 500 psi.
- **Power Prime System:** Foot operated valve for easy priming.
- Gold rating from CRI for carpet cleaning

Specifications & Features

- Hose reel
 - 25' high pressure solution line and crushproof vacuum hose
 - 7.2" 3-stage vacuum
 - 140" waterlift
 - Ball & float shut-off
 - Solution pump 1200 psi 2.2 gpm
 - Positive displacement 1200 psi pump
 - Positive displacement pump with adjustable pressure from 150-500 psi
 - Instant 212°F, 2000 watt inline heater
 - Smart circuit locator
 - Low moisture design (for carpet cleaning)
 - 16 gallon solution tank
 - 14 gallon recovery tank
 - Convenient low solution filling area for easy filling
 - Auto-fill
 - Power prime system
 - Auto dump, 5.5 gpm with electronic shut-off
 - Chemical caddy & syphon system
 - Two handles for easy maneuverability and loading
 - Wand caddy for easy transport
 - Dump hose, 22" height
 - 10" non-marking locking wheels
 - Cords: 2 each, detachable 12/3 gauge, hospital grade plugs
 - Stainless steel pre-filter
 - Dimensions: 39"H x 21"W x 36"L
 - **ETL/CSA Certified Optional:** Electric Floor Finishing and Cleaning Machines (CSA C22.2 No. 10-1965 R2004)
- Part Number: King Cobra 1200/500-CSA**
