

Ultra-Portable Cold Water Skid

Rugged and Versatile Skid for ATV

Cold Water | Gas Powered | Direct Drive

HD 2.5/27 P ATV

This rugged and light weight cold water skid is designed to easily mount in the back of most all terrain utility vehicles and pick-up trucks, allowing you ultimate portability and power in a cold water unit. The ATV is powered by a reliable Subaru EX gas engine and Kärcher crankcase pump, has a rugged steel base with forklift openings on the front and a 50' high pressure hose that connects to a Professional-Duty gun and wand.

Complete set of QC Nozzles

- Color coded nozzles denoting spray angles: 0°, 15°, 25°, 40° and a soap nozzle
- Hardened stainless steel one piece body for long life
- High impact, uniform flat spray pattern

Water Tank

- Durable 65 gallon water tank with stainless steel straps
- White tank for easy to view water level

100' Hose Reel

- Heavy gauge steel fabrication
- Gloss black powder coating
- Easy to use break mechanism reduces unwinding backlash
- Oversized heavy-duty locking mechanism prevents slippage during reel operation
- Durable handle

Convenient Storage

- Newly designed wand holders to secure wand and gun while on the road
- Holders provide easy access to wand and gun

Easily mounts in the back of ATVs

- Width is less than 50" and has a all-steel, powder coated frame

Detergent Injection

- Downstream detergent injection for remote detergent introduction

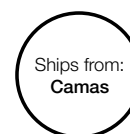

Easy Transport

- Forklift openings on the front of the skid for convenient transport
